

Download 2007 Chevy Kodiak C5500 Owners Manual

I'm getting U1301 problem on the computer. So what do I need to do to fix the "class 2 circuit short to battery?" - Answered by a verified Chevy MechanicChevrolet Tahoe owners have reported 12 problems related to hatchback/liftgate (under the structure category). The most recently reported issues are listed below. Also please check out the statistics and reliability analysis of Chevrolet Tahoe based on all problems reported for the Tahoe. At 40000 we noticed we were having issues with my Avalanche burning oil, when we asked the tech at chevy he told me that was normal for the newer engines to burn oil, at 130,000 mile we started having problem with a spark plug fouling out, I read that this was directly related to the oil consumption problem. TSB List for the 2007 Chevrolet Silverado. The TSB information displayed below are summaries. Unfortunately we do not have access to the full versions.
