

Download Architectural Drafting And Construction

M State's Architectural Drafting and Design program has an articulation agreement with Minnesota State University Moorhead. Graduates from M State's program can transfer into MSUM's bachelor's degree programs in Operations Management and Construction Management. An architectural drawing or architect's drawing is a technical drawing of a building (or building project) that falls within the definition of architecture. Architectural drawings are used by architects and others for a number of purposes: to develop a design idea into a coherent proposal, to communicate ideas and concepts, to convince clients of the merits of a design, to enable a building ...Drafting Your Future .
