

Download Blackberry Manual Restart

Note: If you are using a BlackBerry Z10, check out our post on how to restart a BlackBerry 10 smartphone. Some useful information every savvy BlackBerry® smartphone owner should know is how to reset their device. A reset of a BlackBerry smartphone is a troubleshooting method that completely turns off and restarts the operating system software and applications of a BlackBerry smartphone. Not all BlackBerry smartphones display the "Alt," right "Shift" and "Backspace/Delete" keys in the same way on the QWERTY keyboard. However, the location of the keys is the same. Refer to your phone's user manual to verify the keys. Performing a BlackBerry hard or soft reset does not delete any of your saved data or settings. To restart the BlackBerry powered by Android smartphone: Press and hold the Power key for 3 seconds. Select Reboot from the menu that is presented. To perform a soft reset on BlackBerry powered by Android smartphone: Note: If the BlackBerry powered by Android smartphone is frozen or an application cannot be closed or exited then perform this soft reset. How to Reboot Your Blackberry Without Taking Your Battery out. BlackBerry batteries are not easy to get out. Here's a very simple way to reboot without having to go to the trouble. Press ALT+shift CAP+delete to reboot your stuck...
