An illustrated history of computers with over 50 rare photos. An illustrated history of computers with over 50 rare photos. A computer is a device that can be instructed to carry out sequences of arithmetic or logical operations automatically via computer programming. Modern computers have the ability to follow generalized sets of operations, called programs. These programs enable computers to perform an extremely wide range of tasks. A fine all-new illustrated history of science fiction. Using timelines, online links, illustrations, movie posters & well-selected stills, book covers, and more, this amazing new book propels us into the well of modern imagination, from its roots in Frankenstein, through Verne, H.G. Wells, the late gothic and weird horror of Lovecraft to the mass market Pulps.
