Does anyone know where the air con pressure switch is located on the MK2 punto? It's a JTD if that makes any difference? I've had a look but cant spot it anywhere obvious. It is the switch that prevents the compressor engaging if the air con gas pressure is too high or too low. Listed below are all the adverts placed for FIATs within the modern car parts section on OCC, pulling together ads that have been placed on the existing specific FIAT model pages. To view any of these ads in full, or add your own advert, simply visit the relevant model page. On there you'll find all the ads for that particular model in greater detail, and also details on how to place your own ...El Club de Diagramas es dónde los técnicos intercambian y comparten diagramas, manuales de servicio y todo archivo de información técnica útil para las reparaciones electrónicas. Ads in a sub-category of Automobiles are also considered to be part of the Automobiles category. Therefore, it is best to choose a sub-category (like Passenger Cars) so that your ad is in both the parent categories (Automobiles) and the sub-category (Passenger Cars).
