Information and communications technology (ICT) is an extensional term for information technology (IT) that stresses the role of unified communications and the integration of telecommunications (telephone lines and wireless signals) and computers, as well as necessary enterprise software, middleware, storage, and audiovisual systems, that enable users to access, store, transmit, and manipulate ...Democracy (Greek: ?????????? d?mokratía, literally "Rule by 'People'") is a system of government where the citizens exercise power by voting. In a direct democracy, the citizens as a whole form a governing body and vote directly on each issue. In a representative democracy the citizens elect representatives from among themselves. These representatives meet to form a governing body ...BOOK III. BEFORE speaking of the different forms of government, let us try to fix the exact sense of the word, which has not yet been very clearly explained.. 1. GOVERNMENT IN GENERAL. I WARN the reader that this chapter requires careful reading, and that I am unable to make myself clear to those who refuse to be attentive. Every free action is produced by the concurrence of two causes; one ...
