

# Download Houghton Mifflin Geometry Test 36

## Answers

Quia Web allows users to create and share online educational activities in dozens of subjects, including Science. Round the divisor and dividend up or down to make challenging problems more manageable. For example, in the problem  $43,879/2,847$ , if you round the dividend up to 44,000 and the divisor up to 3,000, you can estimate that the solution should be close to 15 as  $3 \times 15 = 45$ .
