We've got '94 Kobelco model SK200LC mark4, getting parts for it is a nightmare. Dealership has changed hands 4 times since we bought it. Hasn't been a single part, in stock, locally, for 6 or 7 years. Everything has come out of Salt Lake City, UT, or Japan. Waited almost 3 weeks for a set of lines for cab pilot controls. By the time I got them, I had already replace individual lines via local hose shop.
