

# Download Lab Activity B Laboratory Manual

## Answers

Academia.edu is a platform for academics to share research papers. Recommended software downloads: Below are links to general freeware programs that I highly recommend for learning chemistry. Primary Culture and Presumptive Identification Laboratory Methods. Plate method. Grow the isolate(s) to be tested for 18-24 hours on a CAP at 35-37°C with ~5% CO<sub>2</sub> (or in a candle-jar).; Dispense a few drops of Kovac's oxidase reagent directly on top of a few suspicious colonies growing on the 18-24 hour CAP. Online homework and grading tools for instructors and students that reinforce student learning through practice and instant feedback.
