When you hear the name Charles Darwin, you probably think of evolution. However, Darwin did not come up with evolution. He explained a way for evolution to occur called natural selection. Darwin and Natural Selection. Most educated people in Europe and the Americas during the 19th century had their first full exposure to the concept of evolution through the writings of Charles Darwin. Clearly, he did not invent the idea. That happened long before he was born. However, he carried out the necessary research to conclusively document that evolution has occurred and then made the ...Explore natural selection by controlling the environment and causing mutations in bunnies.
