

Download Practice Test For Scientific Inquiry

Start studying Scientific Inquiry Pre-Test. Learn vocabulary, terms, and more with flashcards, games, and other study tools. This GED Practice Test is designed to prepare you for the new GED® Test, which rolled out nationwide at the start of 2015. Designed to be more rigorous and advanced, it operates as both a high school equivalency benchmark and a springboard into furthering your education. Scientists use the Scientific Method to organize their observations and test their theories. This activity will teach students all about these methods. The scientific method is the process by which science is carried out. As in other areas of inquiry, science (through the scientific method) can build on previous knowledge and develop a more sophisticated understanding of its topics of study over time.
