

# **Download Proceedings Of The 11th International Veterinary Behaviour Meeting**

Gynecology-2019 has been designed in an interdisciplinary manner with a multitude of tracks to choose from every segment and provides you with a unique opportunity to meet up with peers from both industry and academia and establish a scientific network between them. Professor Ian Yule started his career as a lecturer in Agricultural Engineering at Durham Agricultural College in the UK before moving to the University of Newcastle upon Tyne where he initiated research on precision agriculture. Your rejoinder is our inspiration; keeping this motto in mind and being witnessed the triumph of Immunology Summit-2019, Conference Series LLC LTD is delighted to announce the next event. Conference Series LLC LTD invites all the participants from all over the world to attend 11 th World Congress and Expo on Immunology, Virology and Microbiology during July 24-25, 2019 at Vancouver, Canada. Sessions/Tracks. Veterinary & Animal Science . Veterinary Science is important to the study of livestock, herd health and monitoring the spread of disease. It requires the application of scientific knowledge in multiple areas and the use of technical skills in disease prevention that may affect both pets and wild animals.
