

Download Sunflower For Food Fodder And Fertility

Sunflower provides high quality feed for livestock, it also produces healthy oil for people. Most dairy farmers may not know the value of sunflower as feed for dairy cows and even chickens. Chicory Food Plot Seed - Chicory is broad leaved perennial herb or greens forage and is highly nutritional for summer and fall feedings for deer. Chicory seed an excellent forage for cattle and deer that withstands heavy grazing. Chicory plants have a deep taproot, is very drought resistant and high in mineral as well as protein content. Great for deer habitat for the mineral advantages and ...Birdsfoot Trefoil Seed - Birdsfoot trefoil is a long-lived perennial legume ideally suited for many grass-legume pastures in central northeast. It grows and produces forage during July and August when most cool-season grasses are semi-dormant. Trefoil does not cause bloat, as do many other commonly used legumes. Feeding your animals well increases your income. Dairy cows require a balanced diet for milk production, body maintenance and good health. The animals should have adequate water at all times so the animal can take as much as it needs.
