Our practice serves Washington DC and surrounding areas. Throughout most of the world, disposal of an estate has been a matter of social custom. According to Plutarch, the written will was invented by Solon. Originally, it was a device intended solely for men who died without an heir.. The English phrase "will and testament" is derived from a period in English law when Old English and Law French were used side by side for maximum clarity. CURRICULUM VITAE Gerald A. Shiener, M.D. A trust is a three-party fiduciary relationship in which the first party, the trustor or settlor, transfers ("settles") a property (often but not necessarily a sum of money) upon the second party (the trustee) for the benefit of the third party, the beneficiary.. A testamentary trust is created by a will and arises after the death of the settlor. An inter vivos trust is created during the ...
