Home; About Us; Freebies; Resources. EYFS. Phonics. Phase 2. EYFS Phonics Phase 2 Treasure Race Games; View others in this category; Phase 3. EYFS Phonics Phase 3 Treasure Race Game Use this set of challenge cards to reinforce your teaching on Year 6 negative numbers maths mastery and test your students' knowledge. Great as an opening or finishing activity. This is an introductory lesson to integers less than zero, which leads on to rudimentary calculations and subtracting negative numbers. This often spreads over two lessons, I find, after a discussion on whether negative numbers actually exist and some number line activity in the classroom, showing students that subtracting negative numbers is akin to facing 'the negative direction', but then ... Two lame jokes from yours truly whose punchlines are unveiled upon answering the negative numbers questions. Number 1 is simple adding and subtracting, number 2 is multiplying and dividing (including Bidmas).
