Societal and cultural aspects of autism come into play with recognition of autism, approaches to its support services and therapies, and how autism affects the definition of personhood. The autistic community is divided primarily into two camps; the neurodiversity movement and the autism cure movement. The neurodiversity movement believes autism is a different way of being and advocates against ... This is a list of fictional characters that have been explicitly described within the work in which they appear, or otherwise by the author, as having conditions on the autism spectrum, such as autism, high-functioning autism or Asperger syndrome. It is not intended to include speculation. "Could My Child Be Autistic?" With the epidemic of autism, one of the most common questions I'm asked during an initial speech-language evaluation with a child is, "Could my child be autistic?" There's a reason Dr. Devon's recent video on Neurodiversity is going viral with over 28 million views. She offers a timely paradigm shift away from the deficit model and towards a universal acceptance and appreciation of neurodiversity as an evolutionary and societal advantage that is as critical to human existence as biodiversity.
